## CITATION

Galaxy Surfactants Limited (GSL), Navi Mumbai manufactures Performance Chemicals and Specialty Chemicals which are used by manufacturers of Home & Personal Care products within and outside India.

GSL has a unique work culture that is even today driven by its founder directors whose commitment to their dream has enabled the organization to become a major customer-centric B2B player manufacturing high quality surfactants in 87 countries worldwide.

GSL has been able to leverage its core competency in chemical engineering to scale-up, debottleneck and develop new technology. A shining example is the EOU continuous process Sulfonation plant commissioned in 2004, designed and engineered using in-house 'people energy'.

GSL has successfully deployed TPM culture to exploit the talent and innovation capabilities of its diverse workforce who are empowered with a sense of ownership and provided with opportunities for learning and career growth.

We congratulate Galaxy Surfactants Limited (GSL), Navi Mumbai for achieving meritorious performance against the IMC Ramkrishna Bajaj National Quality Award Criteria 2008 in the Manufacturing Category.
