Galaxy Surfactants' Galguard bags coveted Golden Peacock Eco-Innovation Award

Galguard is the range of Non-Toxic Preservatives for home & personal care products

[Navi Mumbai, Maharashtra, 3rd November, 2021] — Leading player in the world of surfactants and specialty care ingredients, exclusively focused on catering to the Home and Personal Care industry, Galaxy Surfactants has bagged the coveted Golden Peacock award under the category of Eco-Innovation for the year 2021. Galaxy Surfactants bagged the award for its Galguard range for product innovation, which is a specialized range of preservatives for *home & personal care products*.

Galaxy Surfactant's Galguard emerged at the top under the category of Eco Innovation Awards among the 472 nominations thereby reflecting the company's commitment to strive for excellence and desire to maintain high level of quality to achieve world-class status.

The jury comprised of distinguished experts from the field of Environment, Health & Safety, Energy and Climate Change. The members of the jury included Hon'ble Justice M. N. Venkatachaliah as Chair of the jury, Mr. Shekhar Dutt, IAS (Retd.), Lt. Gen. Surinder Nath (Retd.), Dr. Vivek K. Agnihotri, IAS (Retd.), Mr. Dhanendra Kumar, IAS (Retd.), Mr. Anurag Goel, IAS (Retd.), Dr. Aruna Sharma, IAS (Retd.), Mr. Hem Pande, IAS (Retd.), Dr. R. K. Somany and Dr. Uddesh Kohli.

Galguard Tetra by Galaxy Surfactants is a preservative that is free of parabens, formaldehyde releasers, and isothiazolinones. It provides broad-spectrum antimicrobial protection. Its applications include leave-on and rinse-off products for skin and hair.

Promoter and Managing Director Unnathan Shekhar, Galaxy Surfactants said, "At Galaxy Surfactants, it is our endeavour to usher in an ecosystem of responsible manufacturing of products for the home & personal care industry. Each of our product innovation in this space aims to outdo age-old conventions and replace them with environment-conscious best-in-class solutions. We feel humbled by this recognition from Golden Peacock and take it as a stronger resolve towards progressing further on environment-friendly specialty chemicals manufacturing pursuit for the personal care landscape."
