GALAXY HOLDINGS (MAURITIUS) LTD

INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF GALAXY HOLDINGS (MAURITIUS) LTD

This report is made solely to the member of GALAXY HOLDINGS (MAURITIUS) LTD, as a body, in accordance with Section 205 of the Companies Act 2001. My audit work has been undertaken so that I might state to the Company's member those matters I am required to state in an auditor's report and for no other purpose. To the fullest extent permitted by law, I do not accept or assume responsibility to anyone other than the Company and the Company's member as a body, for my audit work, for this report, or for the opinions I have formed.

Report on the Financial Statements

Opinion

I have audited the financial statements of GALAXY HOLDINGS (MAURITIUS) LTD on pages 6 to 15, which comprise the statement of financial position at 31 March 2018 and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements on pages 6 to 15 give a true and fair view of the financial position of the Company at 31 March 2018, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards as modified by the exemption from consolidation in the Companies Act 2001 for companies holding a Category 1 Global Business Licence and comply with the Companies Act 2001.

Basis for Opinion

I conducted my audit in accordance with International Standards on Auditing (ISAs). My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of my report. I am independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants (IESBA Code)* together with the ethical requirements that are relevant to my audit of the financial statements in Mauritius, and I have fulfilled my other ethical responsibilities in accordance with these requirements and the IESBA Code. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other information

The Directors are responsible for the other information. The other information comprises the information included in the directors' report and secretary's certificate, but does not include the financial statements and my auditor's report thereon.

My opinion on the financial statements does not cover the other information and I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

GALAXY HOLDINGS (MAURITIUS) LTD

INDEPENDENT AUDITOR'S REPORT (CONTINUED) TO THE MEMBER OF GALAXY HOLDINGS (MAURITIUS) LTD

Report on the Audit of the Financial Statements (cont'd)

Responsibilities of Directors and Those Charged with Governance for the Financial Statements

The directors are responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards and in compliance with the requirements of the Companies Act 2001, and for such internal control as the directors determine is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by directors.
- Conclude on the appropriateness of directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

TO THE MEMBER OF GALAXY HOLDINGS (MAURITIUS) LTD**

Companies Act 2001

I have no relationship with, or any interest in, the Company other than in my capacity as auditor and dealings in the ordinary course of business.

GALAXY HOLDINGS (MAURITIUS) LTD
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2018

1. INCORPORATION

GALAXY HOLDINGS (MAURITIUS) LTD is a Category 1 Global Business Licence Company incorporated on 02 October 2008 in Mauritius and is governed by the Financial Services Act 2007.

2. NATURE OF ACTIVITIES

The main object of the Company is to act as a holding company for downstream investment in operating companies engaged in manufacturing / extending logistic and marketing support to surfactant and chemicals used in home and personal care industries.

3. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of preparation

The separate financial statements of the Company comply with the Companies Act 2001 and have been prepared in accordance with International Financial Reporting Standards as modified by the exemption from consolidation in the Companies Act 2001 for companies holding a Category 1 Global Business Licence. The financial statements have been prepared under the historical cost convention and on a going concern basis.

Amendments to published Standards effective in the reporting period

Recognition of Deferred Tax Assets for Unrealised Losses (Amendments to IAS 12). The amendments clarify the accounting for deferred tax where an asset is measured at fair value and that fair value is below the asset's tax base. The amendment has no impact on the Company's financial statements.

Disclosure Initiative (Amendments to IAS 7). The amendments require the entity to explain changes in its liabilities arising from financing activities. This includes changes arising from cash flows (eg drawdowns and repayments of borrowings) and non-cash changes such as acquisitions, disposals, accretion of interest and unrealised exchange differences. The amendment has no impact on the Company's financial statements.

Annual Improvements to IFRSs 2014–2016 Cycle

IFRS 12 Disclosure of Interests in Other Entities. The amendments clarify that entities are not exempt from all of the disclosure requirements in IFRS 12 when entities have been classified as held for sale or as discontinued operations. The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies.

12. FINANCIAL INSTRUMENTS

Fair values

The Company's investment is valued as described in note 3.

The Company's other assets and liabilities include cash at bank, borrowings and other payables. The carrying amount of these assets and liabilities approximate their fair values.

Financial risk factors

The Company's activities expose it to a variety of financial risks that are associated with the financial instruments in which it invests and markets in which it operates. The following is a summary of the main risks:

Market risk

Market risk represents the potential loss that can be caused by a change in the market value of financial instruments. The Company's exposure to market risk is determined by a number of factors, including interest rates, foreign currency exchange rates and market volatility. The Company conducts its investment operations in a manner that seeks to exploit the potential gains in the market, while limiting its exposure to market declines.

Capital risk management

The Company's objectives when managing capital are:

- to safeguard the equity's ability to continue as a going concern, so that it can continue to provide returns
- to provide an adequate return to shareholders by pricing services commensurately with the level of risk.

Credit risk

Credit risk represents the potential loss that the Company would incur if counter parties fail to perform pursuant to the terms of their obligations to the Company. The Company limits its credit risk by carrying out transactions only with its related parties. The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of financial position.

Currency risk

The Company has assets denominated in EURO. Consequently, the Company is exposed to the risk that the exchange rate of USD relative to EURO stated above may change in a manner which has a material effect on the reported values of the Company's assets and liabilities which are denominated in these currencies.

13. CONSOLIDATED FINANCIAL STATEMENTS

The Company has taken advantage of the exemption provided by the Mauritian Companies Act 2001 allowing a wholly owned or virtually wholly owned parent company holding a Category 1 Global Business Licence not to present consolidated financial statements. The financial statements are therefore separate financial statements which contain information about Galaxy Holdings (Mauritius) Ltd as an individual company and not contain consolidated financial information as the parent of a group.

14. HOLDING COMPANY
