Mumbai, 11th November 2020:

Galaxy Surfactants Limited, a leading manufacturer of performance surfactants and specialty care products with over 205 product grades used in Home and Personal Care industry, has announced its financial results for the Quarter & Half Year ended 30th September 2020.

Investors Release

Commenting on the performance Mr. U. Shekhar, Managing Director, Galaxy Surfactants Limited said

“Q-2 FY 2020-21 has been a historical quarter for us. It gives me immense pleasure to share with you all that Galaxy Surfactants has registered its highest quarterly Volumes EBITDA and PBT in this quarter. Our Consolidated PBT has crossed the Rs 100 Crores mark for the first time in this quarter. Before I get into the details, I would specially like to acknowledge my team at Galaxy. The grit and determination demonstrated by the entire team has been impeccable. I thank all Galaxies and all our stakeholders who have played a pivotal role in helping us achieve this feat despite the numerous challenges and difficulties.

Growth has been driven by both the segments across geographies. While India has made a strong comeback, the momentum remains intact as far as the Africa Middle East Turkey is concerned, which continues to grow ahead of the market. Rest of the World markets too have registered strong growth sequentially. Improving share of specialties, new products mix and higher capacity utilisations aided margins.

To conclude, Consistency is what defines us and despite the volatility, operational challenges, and difficulties, yet again we have ensured we deliver a consistent performance. On that positive note I wish you all a very happy safe and prosperous Diwali.”
